

Maskers

Thrupp, Stroud

Reporting to: Production Manager

Job Type: Full-time & Part Time available

Experience: Experience advantageous but full training will be given

Job description:

Summary

Nu-Pro Limited apply Surface Treatments/Coatings to a huge variety of manufactured components for a whole range of industries.

We are looking to recruit a team of maskers to join our existing team of operators in our Stroud facility. The main role of the Masker will be to ensure that customer parts are prepared in accordance with instruction throughout production. This role will include masking duties/techniques to meet production requirement, under the direct supervision of the Masking Team Leader, or a qualified trainer. This role will involve interaction with internal operations, production and quality team.

Why work for us?

At Nu-Pro we are looking to develop a positive culture throughout the company, engaging and enhancing our workforce at all times, and looking for someone to join with the same values; Pride, Openness, Excellence, Teamwork, Originality, and Nurture.

You would be working for an environment that strives towards excellence and wanting to further develop their employees.

Essential duties and Responsibilities

- Accurately record and maintain the serialisation of customer components throughout production.
- Maintain and reinforce internal quality standards to meet and exceed customer expectations.
- The preparation of components as instructed, or as per drawing requirement, prior to processing, using various masking techniques
- Apply specified masking material to production parts prior to treatment.
- Perform basic racking/jigging to production parts prior to treatment.
- Unmask production parts, as specified, ensuring no damage occurs to components.
- Cleaning of components as necessary using specified materials.

- Ensure all work is undertaken to specification and to the required standard through continual inspection monitoring.
- Ensure quantities of orders received are checked throughout the production process.
- Keep masking areas clean and organised at all times.

Individual requirements, knowledge & experience

- Good communication skills
- Good interpersonal skills
- Well organised
- Language: ability to read and interpret documents such as safety rules, operating and maintenance instructions and procedure manuals; ability to verbally communicate effectively.
- Ability to read and interpret router instructions and specifications.

Salary dependent on experience and qualifications

Nu-Pro Limited is an equal opportunity employer committed to recruit, hire, train, and promote in all job categories without regard to race, colour, religion, sex, sexual orientation, gender identity, national origin, age, disability, veteran status or other status protected by applicable law.
